Waterville College Sept 27. 1843-

To the Rev. A. A. Phelps of Boston -

My dear Sir:

Enclosed I send you a letter to Mr. John Childs, of England. I have omitted to superscribe or seal it - as I did not know that I had all the requisite particulars in regard to Mr. Childs's address, and I was willing to allow you a place in the letter for a few lines to Mr. Childs, in case you should wish to make an explanation to him of what you had done.

I feel very greatly obliged by you in forwarding me Mr. C.'s letter; and my associates here feel the same. - I hope this will not be too late for the steamer; but if it should be, I will venture to count upon your goodness to send it by the next opportunity -

From your much obliged
D. N. Sheldon
